
Title: A Treatise on Valor

Author: jackdeth

Valor and the other
Virtues (continued)

Valor and Spirituality

Spirituality in a
sense is using all the
virtues combined to
live ones life in a
moral sense.

Theirfore with out
spirtuality we would
not be able to have any
moral obligations to
others while we are
seeking to lead a
virtuous life.

Therefor we could
not have Valor,
withouth being a
somewhat spiritual
being.

The code of Valor (as
adopeted by the Lords
of Valor)

1) Thou shalt respect
all weaknesses, and
shalt constitute
thysself the defender
of them .

2) Thou shalt love the
country in which thou
wast born.

3) Thou shalt not
recoil before thine
enemy.

4) Thou shalt make
war against the
infidel (those that
attack the weak and
the poor, and make

war against one's
country) without
cessation, and without
mercy

5) Thou shalt never
lie, and shalt remain
faithful to thy
pledged word.

6) Thou shalt be
generous of spirit.

7) Thou shalt be
everywhere and
always the champion
of the Right and the
Good against injustice
and Evil.

8) Thou shalt defend
thy fellows to the
limit of thy ability,
retreating only
temporarily in order to
regroup.

Conclusion

I hope this gives
you, my fellow
travelers some insight
into valor in our lands
today. This was taken
from my perspective
and from the many
things I have seen in
this world.

Travel safe dear
reader and remember
always to uphold Valor
to the best of your
ability.
